

Loss Control Services Value

A Cost Comparison

State Fund believes a safe workplace can lower your net cost of doing business, so we offer a variety of services to help you maintain safe working conditions. Below are some of the custom services* that State Fund provides **at no extra cost** and an estimate of their market value.

CUSTOM SERVICES FROM STATE FUND AT NO EXTRA COST	YOUR COST	MARKET VALUE
<p>Safety Management Consultation provided by Certified Safety Professionals (CSPs), Associate Safety Professionals (ASPs), Associates in Risk Management (ARMs), and Safety Consultants. These knowledgeable individuals will work with you to identify, analyze, and mitigate workplace hazards. Each consultation includes a comprehensive risk assessment of your workplace, as well as a written report containing possible solutions needed to improve or control the risk. Loss Control personnel can provide guidance and promote implementation of an effective Injury and Illness Prevention Program (IIPP) consistent with Cal/OSHA regulations.</p>	\$0	\$150/hour
<p>Back Injury Prevention takes a new approach to solving an old problem, back injuries, with <i>State Fund's Back Connection</i>[®]. Contained on one simple DVD is a toolbox of ideas to help you implement a process for identifying and controlling costly back injuries. Handy tools include educational videos, a unique "card sort" risk-identification tool, a Just Ask Why[®] process for root-cause analysis, and forms to help you keep track of your progress and efforts.</p>	\$0	\$700-\$1,050 / program
<p>Ergonomics Services provided by certified ergonomists. Services include analyses of jobs likely to result in work-related musculoskeletal disorders (WMSDs), detailed written reports of findings with possible control measures, and assistance with developing or implementing ergonomics programs. Training programs, including train-the-trainer programs, can be tailored to your business. Complementing our direct service is our ergonomics-resource CD, <i>Ergonomics: How May We Help You?</i></p>	\$0	\$175 / hour
<p>Industrial Hygiene Services provided by professional Industrial Hygiene staff. Services may include consultation, research and field surveys for toxic substances and potential environmental hazards, and written reports of the findings with suggested control measures.</p>	\$0	\$175 / hour
<p>Policyholder Seminars provide valuable information on new safety and health issues that affect your business.</p>	\$0	\$150 / hour
<p>Safety Newsletters published quarterly to keep you abreast of industry-related information, new legislation, safety requirements, and effective safety precautions.</p>	\$0	\$50 / year
<p>Safety Materials Catalog offering a list of safety materials. The catalog includes a description of posters, pamphlets, brochures, annuals, and safety checklists available to policyholders.</p>	\$0	\$1-\$10 / item
<p>Safety Videos available for loan through State Fund's Audiovisual Library.</p>	\$0	\$50 / week
<p>Occupational Health Monitoring can include services such as qualitative and quantitative respirator-fit testing, noise-level measurements, and ventilation assessments.</p>	\$0	\$50 / fit test \$175 / hour
<p>Laboratory Services include analyses of air samples provided through contracted commercial labs or State Fund's own laboratory accredited by the American Industrial Hygiene Association (AIHA.)</p>	\$0	\$20-\$100 / sample
<p>Video Production Service features a professional video production team to produce and direct custom safety and training videos. Services include scriptwriting, casting, and multicamera videotaping on location or in the studio. Our post-production facility allows for creative editing, musical scoring, the addition of special effects and graphics, as well as DVD-authoring.</p>	\$0	\$285 / hour
<p>*Some services are subject to qualifying criteria. Contact your District Office for more information.</p>
