

State Fund's Medical Provider Network

We're your direct link to quality healthcare for your injured employees

State Fund's Medical Provider Network ("MPN") helps you manage your medical costs through a diverse network of qualified providers who specialize in the treatment of occupational injuries.

Top Doctors Who Get Results

- We select physicians who deliver high-quality treatments and successful outcomes. Through our partnership with Anthem Workers' Compensation, LLC, we have access to a proprietary assessment process to evaluate and select doctors based on years of both State Fund and industry data.

For more information,
call our Customer Service Center at
(888) 782-8338 or visit www.StateFundCA.com.

In-House Medical Access Assistants Make Managing Care Easy

- When your employee is injured, our in-house Medical Access Assistants (MAA) coordinate and schedule all care-related logistics. With our MAAs, your employee has a knowledgeable partner in their corner who knows the ropes, makes treatment arrangements, and helps jump-start the recovery process.

Partnerships that Create Opportunities

- Our dedicated in-house team manages relationships with our medical provider network to improve the experience for you and your employee. Our team also keeps our network current with physicians who deliver high-quality treatment and successful outcomes.

Together, we'll keep California working.
